

All-Hazard L-381 Incident Leadership

Date:

April 17-21, 2017
8:00 AM – 5:00 PM

Location:

Thurston County Fairgrounds
Expo Center
3054 Carpenter Road SE
Lacey, WA 98513

Course Description:

Incident Leadership offers hands-on experience preparing for, executing, and debriefing a response during an all-hazards incident. Students take on IMT responsibilities in simulation blocks mirroring events in an emerging incident.

Iterative learning cycles and a variety of perspectives provide students with opportunities to learn, practice, and improve command skills and leadership behaviors.

This high-intensity program helps participants learn strategies for building operational synergy in temporary teams, such as managing diverse resources, interfacing with community cooperators, and leading operational planning extending into a strategic time frame.

Funding:

Tuition is free for those accepted.

Prerequisites:

ICS 100-300, and IS 700

Training Provided by:

Mission Centered Solutions
MCS has quietly built its reputation by delivering world-class training – designed with instructional rigor and built using methodology-based approaches.

The result is an interconnected set of programs and exercises developed within a solid doctrinal framework that produces concentric results.

This record of success has engaged the commitment of some of the largest and most accomplished emergency response organizations; it has engendered productive partnerships that have lasted more than fifteen years.
